

Highly resistant to microbes. And added costs.

Hart & Cooley flexible duct products are not only designed to remain mold and mildew-free throughout their lifetime, they're completely free of pesky upcharges, with no need to pay for coatings. Rigorously tested with a UL181 listing and GreenGuard® certification, this is the most highly certified flexible duct in the industry.

Clean, pure, safe and - as always - affordable.

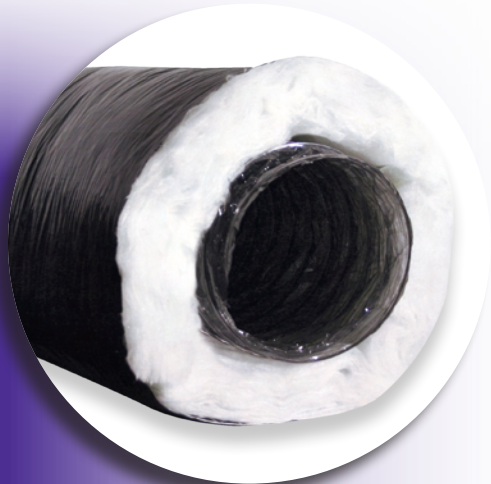

Additional Certifications and Listings:

- GreenGuard® Children and Schools Certified
- GreenGuard® Level-4 Highly Microbial Resistant rated
- The Collaborative for High Performance Schools (CHPS)
- American Schools and Hospital Facilities Product Directory

Hart & Cooley flexible ducts are top quality solutions for all of your HVAC construction needs. Two distinct cores serve the pressure requirements of residential through medium commercial systems.

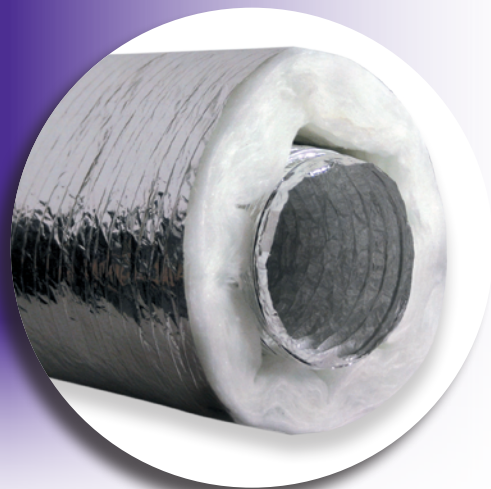

Boxes or bags • R 4.2, R 6.0, R 8.0 • Diameters from 3" through 20"
25' - Some 7' and 50' lengths available

Residential Series Flexible Duct by Hart & Cooley

Great for residential and light commercial applications

- Tough 2 ply polyester core with encapsulated wire helix
- UL pressure ratings of +12" and -3/4" are class-leading (1/2" neg for 14" – 20" diameter)
- Formaldehyde-Free insulation is substantially less irritating than traditional insulation
- Black polyethylene or metalized jacket.
- Greenguard for Children & Schools Certified
- Greenguard "Highly Microbial Resistant" rated (Level 4)

Commercial Series Flexible Duct by Hart & Cooley

Top choice for residential through medium commercial use

- Tough metalized multi-ply polyester core with encapsulated wire helix, aluminum core, and metalized air connector options
- Formaldehyde-Free insulation is substantially less irritating than traditional insulation
- Metalized jacket with embedded scrim for better tear resistance
- UL pressure ratings of +16" and -1" (1/2" neg for 14" – 20" diameter)
- Greenguard for Children & Schools Certified
- Greenguard "Highly Microbial Resistant" rated (Level 4)
